## Whiskey Beers

**Boston Harbor Distillery** recently released its limited edition *Spirit of Boston* package — a three-bottle gift set that includes three different whiskeys distilled from **Boston Beer Co.** (Samuel Adams) beers: *New World Tripel* (10%), *Thirteenth Hour* (9.0%), and *Merry Maker Gingerbread Stout* (9.0%). Boston Harbor Distillery opened its doors in June, and CEO Rhonda Kallman welcomed this collaboration with Sam Adams co-founder Jim Koch.

“The opportunity to collaborate with our friends at Samuel Adams is very meaningful to me as we’re creating, what I like to think of as, a true Bostonian handshake,” Kallman said. “Jim has always stretched the imagination of what beer can be — this collaboration now highlights the possibilities of what a spirit derived from beer can be.”

The whiskeys are available at the distillery in Dorchester as well as throughout Massachusetts and Rhode Island.
